

**"Road Safety for Makaton Users"** has been created to provide basic road safety guidance to road users, their instructors, teachers, and carers who have a need to use or communicate through Makaton (a symbolic signing language for people with learning difficulties)

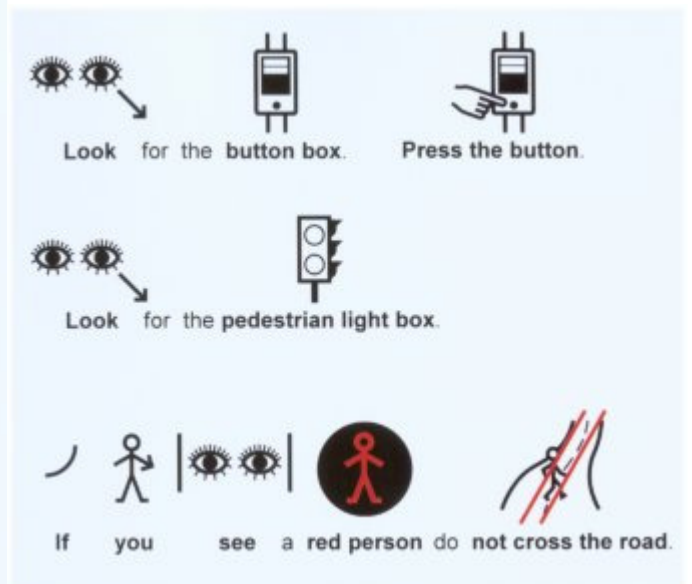

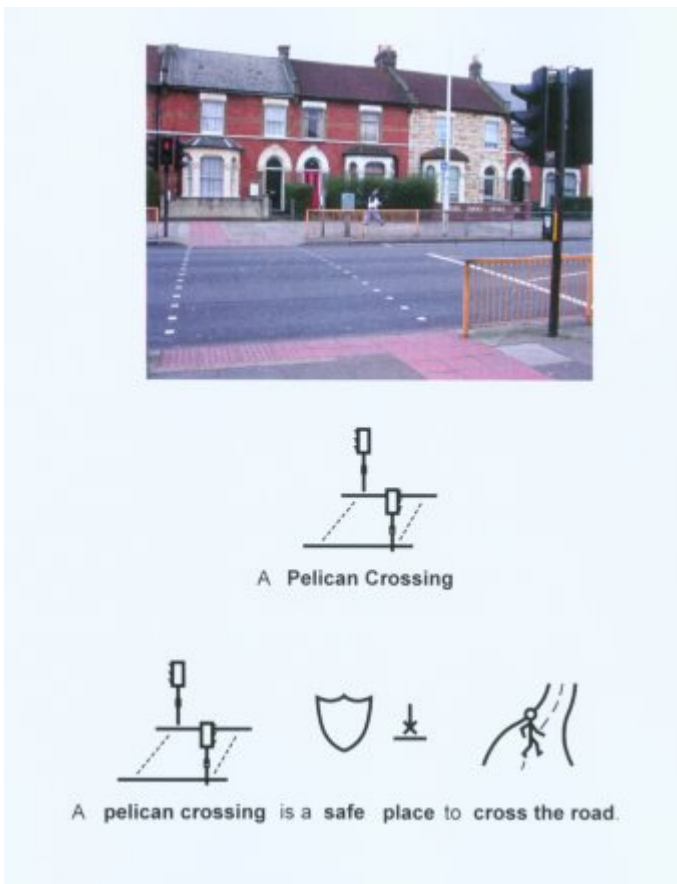

In partnership with the Makaton Vocabulary Development Project and the London Borough of Newham, the LRSC have developed a comprehensive 56 page book resource to allow basic road safety to be taught to Makaton users.

To learn more about Makaton and the Makaton Vocabulary Development Project visit

<http://www.makaton.org/>.

### Example Pages

The following illustrations show how the book leads both the teacher and pupil through elements of basic road safety using Makaton.

**A Pelican Crossing**

**A pelican crossing is a**
